

HELP US SHAPE THE FUTURE

Grand Opening of TallyRobotics' Own Space

We have found the perfect space to grow and provide more opportunities to serve local youth through robotics!

We need your help to continue growing and serving the next generation of STEM leaders.

You are invited to our Grand Opening! Your support will contribute to our Growth Fund, enabling us to continue building out the space and making upgrades to serve more students. Our mission is to provide quality robotics programs for students in Prek-12th grade.

Which level of support can we count on from you? Please complete visit our page to complete your sponsorship and secure your tickets.
